

National Dong Hwa University
Undergraduate Guidelines for the University Core Curriculum Requirements
<formally known as General Education Requirement>
(For Students admitted into NDHU since Fall 2017)

I. Undergraduate students must complete 37 University Core Curriculum credits before graduation.
(See the Core Curriculum Chart.)

1. Students in General Programs and [Local Students in International Programs](#):

Languages (9 credits total; 3 credits for Chinese and 6 credits for English),
Physical Education (4 credits total),
Service Learning (2 credits total),
Information Technology (2 credits total)
Elective Core Courses (20 credits total).

2. International Students in International Programs:

Languages (9 credits total; 6 credits for Mandarin Chinese and 3 credits for Elective Foreign Languages),
Physical Education (4 credits total),
Service Learning (2 credits total),
Information Technology (2 credits total)
Elective Core Courses (20 credits total).

II. Elective Core Courses (20 credits)

1. Elective Core Courses consist of the following **three academic categories**:

- ◆ Rational Thinking
- ◆ Cultural Literacy
- ◆ Local Commitment

2. Students should take **at least 1 Elective Core Courses in each of the 3 categories**.

3. The remaining Elective Core Course credits may be selected from the following two kinds of “Recognized Elective Core Courses”: (1) courses with codes beginning with “GC,” and **(2) college foundational courses or department core and specialized courses offered outside of students’ major departments**.

4. Students in International Programs, may take up to 20 credits of other English-taught courses offered at NDHU to fulfill the Elective Core Course Requirement after completing all the required specialized course credits.

III. Chinese Courses (3 or 6 credits)

1. Students in General Programs and [Local Students in International Programs](#): study “Chinese Language

Ability and Education (3 credits)" in the first study year.

2. International Students in International Programs: Mandarin Chinese (6 credits total).

IV. English Courses (6 or 3 credits)

1. Students in General Programs and Local Students in International Programs:

For English Majors: English Oral Training I, II, III, and IV (1.5 credits each).

For other Non-English Majors: Online English Learning, English Communications, and English Reading and Writing (2 credits each) according to the English levels of individual students..

In addition to the required English credits, students have to pass an accepted **English language proficiency test** before graduation. Non-English major first-year students who passed the test two years before their official entry into the NDHU or during their first year of study at NDHU, may apply for the waiver of the 6 required English credits. For requirement and guideline details, please refer to the Language Center for the Undergraduate English Graduation Requirements **or using the reference chat below.**

Students who fail the English Proficiency Requirements have to study 2 additional English courses (about 4~6 credits) from General Education courses, the English department, or any department offers the English-Taught courses. The courses must be approved by the Language Center. Those additional credits cannot be counted into the 9 credits in the Language field, but can be counted toward the total graduation credits.

2. International Students in International Programs: Elective Foreign Languages (3 credits total)

V. Physical Education (4 credits)

1. Students must complete Physical Education I, II, III, and IV (1 credit each) before graduation; Physical Education I and II should be taken respectively in the two semesters of the first study year. **In addition,** students have to pass a **physical fitness test** before graduation. For information about acceptable test performance standards, please refer to the Physical Education Course Regulations by Physical Education Center.

2. Students of Physical Education and Kinesiology have to take any four skill courses offered by the department to fulfill the required credits for Physical Education

VI. Service Learning (2 credits)

1. Students must complete Service Learning I and II sequentially before graduation. Service Learning I should be taken from students' major departments. Service Learning II may be taken from either students'

major departments or other departments; for the latter case, students should consult with their major departments on the eligibility for credit recognition.

2. Service Learning I and II are 1 credit each since Fall 2013.

3. Students who enrolled before Fall 2013 may choose to switch to the current University Core Curriculum Requirements. The previous 0-credit Service Learning taken can be recognized and counted toward the new 1-credit Service Learning. The remaining credits may be fulfilled with other University Core Courses.

VII. Information Technology (2 credits)

1. Students of all Colleges of Science and Engineering majors (except for those of Materials Science and Engineering students) and of Information Management major: must take required or elective information technology courses offered by the individual departments to fulfill the required credits in this category; students can refer to the list of the credit-eligible courses announced by the General Education Center. If the credits of an eligible course taken is not sufficient to satisfy the General Education requirements, students still need to make up for the remaining credits by taking other General Education courses.

2. Students of other than the aforementioned departments: must take Information Technology course (2 credits).

VIII. Credit recognition of the taken University Core Courses related to the departments' specialized areas will be determined by the Curriculum Committees of individual departments and colleges.

IX. Cross-campus distance courses are counted toward the Recognized Elective Core Course credits. Please refer to the General Education Center for the latest announcements in every semester.

X. Students may decide for themselves the most applicable version of the University Core Curriculum Requirements to count course credits toward graduation in the first semester of the final study year. The selected version of requirements does not have to be of the same year as that of the course requirements of students' majors.
